The Burn Out King—David Smith

A Special Message from Our PCCC VP

Please keep Hamilton Martin's family in your thoughts--Hamilton passed away May 12, 2018. He was very soft spoken and always upbeat about everything I'm sure we will miss him. Also one of our new members, Sarah Delmonego, her boyfriend passed away on May 9th.--please keep Sarah in your thoughts.

Well--we made it thru the Good Guys show. Actually it seemed more stress free this year. The weather seemed perfect which helped a lot. Ray's free Uber rides were almost as entertaining as Rainbow the clown!! Thanks Ray for all the hard work heading this event up.

PCCC had another big potential win for GG Camaro give-a-way--Congratulations to Dave Neumann--we wish you all the luck winning it. I'm sure you will enjoy the trip to Columbus, Ohio GG show as much as we did!! I was one number (key) away from winning the Ford Galaxie last year.

I hope everyone is ready for our Memorial Day Charity car show. Please be there on time-6:30-7:00 AM and ready to "work" with a smile!! It seems like everyone has been enjoying Carlie C's famous fried chicken--that will be provided by the club--along with breakfast. Please bring a side dish or dessert to share. Remember we still have cookbooks left--maybe you can make a dish from a recipe out of the book--(they always make great gifts).

Take care everyone and see you soon!! Chris

Next Business Meeting Scheduled on **Monday June 25, 2018**

Advance Auto Store Support Center-University Building
4709 Hargrove Rd, Raleigh, NC 27616

Cuban Cruise'In—By George Kavalak

Unfortunately I had to miss last month's Raleigh Good-Guys Show. I'm sorry I couldn't be there to help the club.

But, if it had to be missed, what better thing to do than see all the old cars in Havana, Cuba!

A city-wide cruise-in all day long, every day.

You see a little of everything in the way of old American iron. Even hearing cars like a '55 Chevy with a diesel engine rumble by. The owners were great and very friendly, even those that couldn't speak any English.

If their car had an original engine it was the first thing they would mention with pride.

Many of the cars used as taxis and sightseeing have had their tops nicely removed to become a roadster. When a shower popped up the passengers would be huddled under a towel trying to stay dry.

They love to paint their cars bright colors. Most are Chevys but there are many others – Pontiac, Ford, Buick, Plymouth, Imperial, even an Edsel. The newest that I noticed were a '59 and '60 Impala.

Great place and people to visit. Gotta go back! Enjoy some photos!

PLANNED PCCC SOCIAL EVENTS & CLUB CRUISES

June 1, 2, 3rd - Club Cruise to Lynchburg, Va. Overnight stay, Up next morning for a cruise down Blue Ridge Pkwy to Mabry Mill Restaurant for lunch. Then continue pkwy to Mt. Airy, NC and end at Hot Nights/Hot Cars in Mount Pilot. (Band is The Entertainers)

THE OLDSMOBILE CUTLASS 442

**SENSATIONAL NEW 4-4-2
DELIVERS SUPERB PERFORMANCE**

The Oldsmobile 4-4-2 (also known as the 442) was produced by Oldsmobile between the 1964 and 1980.

The model was introduced as an option package for US-sold F-85 and Cutlass models and it became a model in its own right from 1968 to 1971, spawned the Hurst/Olds in 1968, then reverted to an option through the mid-1970s. The name was revived in the 1980s on the rear-wheel drive Cutlass Supreme and early 1990s as an option package for the new front-wheel drive Cutlass Calais.

The '64 4-4-2 essentially was is a sport coupe version of the B09 Police Apprehender Pursuit Package with more class, attitude, and chrome. It packed a 330ci V8 equipped with a 4-bbl. carburetor, dual exhaust, and backed by a 4-speed manual. Hence the term, 4-4-2.

Over the years that definition would change, and even the hyphens would go away for good after 1965. Throughout the '60s and into the early '70's we would see 442's with ram-air, rear spoilers, and engines up to 455ci.

Unfortunately, the oil embargoes of the '70s would have an impact on performance, and by the end of the decade we would see downsized versions packing 6-cylinder power plants. The 442 would go away for a several years during the early '80s, but would make a return for 1985 with a new body and mandatory 307 V8 power.

OUT AND ABOUT WITH PCCC
