**Message from the Prez**

*Hi everyone.*

*Well, the Car Show season is just about over. Just a couple left. Some of us will be heading up to Danville, VA for the Tank Museum show on the 5<sup>th</sup>. We'll be meeting at McDonalds on Harrison Ave. in Cary at 8:00 if you'd like to join us. Nov. 12<sup>th</sup> we have an opportunity to earn \$200.00 for the social fund. The club participation award at the Fairgrounds Auto Fest is paying CASH this year, please come out. Pre-registration not only saves you \$5.00, but also gets you a spot inside Dorton Arena. Don Cooper's car display at the Woodland Terrace retirement complex was a big success. The seniors had a great time and appreciated us coming out. Thanks to all that supported Don.*

*Oktoberfest was great; everyone brought wonderful food and desserts. The silent auction and white elephant sale raised over \$600.00 for the social fund. Many thanks to David Jones and his helpers for another fantastic event. Speaking of David, he is recuperating at home after a knee replacement, I'm sure he'd welcome a call.*

*The M.A.D.D. show Oct. 29<sup>th</sup> at Lake Wheeler ended up being cancelled when no participants had shown up by 10:30 due to the rain and windy cold. Thanks to everyone that came out to help.*

*Eight of us cruised to Tony Stewart's race shop in Kannapolis for a show on Oct. 16<sup>th</sup>. Saw some awesome cars and had an overall good time.*

*We're registered for 4 upcoming parades, details to follow via email.*

*Have a wonderful Thanksgiving. See you at the meeting the following Monday.*

*Ray*

## Feature Article

### *It's Rusted, Busted & Dented - Submitted by [Rob Harper](#)*

*I have owned the car since 1978 at age 14. I drove it hard through high school and college, then parked it since 1988. It's been sitting in an old chicken coop for a long time. It's rusted, busted and dented. Last time I did body work on it, I replaced the floor with street signs, the right rear quarter using a stick welder, and painted it in a barn with dirt floor (I did put plastic down). Interior is a mix of junkyard seats and shag carpet. The FM converter and 8 track player still work. The 305 motor runs well but the manual 3 speed grinds gears. It has front discs and a 12 bolt from a '69 Camaro. Previous motors include a 283 and 350.*

*Future plans include all new metal (I'll be using a mig this time!) I have already contacted a shop to build a C4 frame, to be to install C4 Corvette suspension/steering/brakes. Motor will be an LS something with a 5 or 6 speed manual. 17 or 18 inch rims. Exterior will stay original colors (matador red / white) and a near stock interior, red/black, same as original. Maybe front buckets, but in the original looking material. I plan to make the car a daily driver, so I will need seatbelts and a good stereo, maybe A/C. I hope to finish up a major home renovation project by the end of 2011. Then I can finally restore/modify my '57 2 door hardtop the way I have always wanted it.*
