Jim Benson's Hotrod 55 Chevy Wagon

### A Message from Our New PCCC President

Happy New Year to all PCCC members. It was at this time 6 years ago that I was fortunate enough to be elected President of Piedmont Classic Chevy Club and writing my first greeting to the club. As I sit here in front of my computer, I am having a bit of Deja Vu writing again my first greeting as President. First and foremost, I am honored to be Your President for 2 more years and I thank you all for trusting in me to be a worthy part of this great club. I can't tell you how many great people that I have become friends with since joining this club and even outside of the club. I consider Pat and I very fortunate to be a part of it all. I hope the Holidays were good to all and Santa brought you all the things you asked for. Me, I keep waiting to wake up on Christmas morning and running to the garage to see if there is a 57 Chevy there, but as it has been for the past 46 years no luck. Oh well maybe next year. On another note our contribution to Hill Top Home was especially welcomed at this time as the money we donated will fill a hole in their budget to buy a much-needed apparatus for certain conditions that some children have. So, on to 2019 and another fun filled time for all.

Thank you all

David Smith

Next Business Meeting Scheduled on **Monday January 28, 2019**  
Advance Auto Store Support Center-University Building  
4709 Hargrove Rd, Raleigh, NC 27616

*A Message from the Bowtie Bulletin Publisher*

Happy New Year to all PCCC Membership!!

This is the start of my 9th year publishing the newsletter, and as we start the year, it won't be long before the car events start to ramp up. I will need assistance in covering events that you all attend. Not everyone will go to all the same events each week, and I surely can't go to events each week myself. If some of you can take photos during the events, it would be greatly appreciated. What I like to capture is club members at the different events, some candid and some of members posing. If you see in past newsletters for the "Out and About" feature, this is what I like to capture.

Also, I'm always looking for something for a nice article for a car project you may be involved with, or some background info that you could submit about yourself, maybe a story about your first car, or maybe a story about a car event you attended that was special, even a PCCC sponsored outing. I've even had someone submit a story about what they did when they were in the service years ago. Club members always find background stories interesting, a good way to get to know members a little better.

Something else that I would like to have, if any of you have photographic talent and want to send some artistic images of cars at events, I would be glad to add to the newsletter.

Chris Peedin recently sent me an idea about members in the club submitting photos of themselves. This is still in the planning stages right now, but what would be interesting, is receiving photos early photos of someone, and a guess of who that might be. But, what would make it interesting, is a background story of the photo. Look for this feature during the course of the year.

If anyone has suggestions, feel free to contact me. I'm not running out of things to submit in each newsletter, but I bet some of you will have some interesting stories or photos to share.
