Dave Smith's 1957 Chevy 210

Special Message from Our PCCC Vice President, Ray Bader

Hard to believe it's halfway through the year already.

When we finally learned we we're going to be able to have the GoodGuys show it was a huge rush to get everything covered. We managed to pull it off again. Thanks everyone for your hard work.

It's great to see our world slowly coming back to a semblance of normal. Luckily we're able to do our show. Hopefully it will continue. Everyone keep safe and we'll see you at the show.

Ray

PCCC Monthly Meetings are at Carolina BBQ located at 733 US-70 Garner 27529.

Meetings are every 4th Monday at 7PM (6PM if you plan to eat)

A Special Cruise

Please mark your calendars for **Saturday June 5th**. PCCC has been invited to a **Grand Opening of "The Grocery Bag"** (Percy Flowers Store) located at the corner of Highway 42 and Buffalo Rd. The physical address is **4879 NC Highway 42, Selma, N.C. - Phone 919-553-4088**. Tommy Fitzgerald had owned the grocery store for 47 years.

The event begins at 9:00 and runs till app 3:00. There will be a live music playing and a special guest (Scott Mason / host of The Tarheel Traveler) will be roaming around making notes to possibly post on his WRAL Pod Cast.

I spoke to Mrs. Donna Fitzgerald, wife of the late Tommy Fitzgerald at length about this cool event. Some of you may remember our cruise out to Tommy's house two or three years ago. Tommy & Donna were excellent hosts and allowed us to tour his cool collection of classic cars, trucks, and antique motorcycles. Afterwards, Donna brought out fresh baked cookies and cold soft drinks for us.

Sadly, Tommy passed away on December 9th 2020 and will be sorely missed. He loved his collection of antiques. A few of you may remember his 1929 Woody Wagon with matching trailer he displayed at many local events.

There is a beautiful lake behind the store so we will be parking by the lake in the grassy area next to Buffalo Road You might just find yourself and your classic ride on one of the TarHeel Traveler episodes.

I will determine an acceptable meeting place in the near future and send out to everyone. Some of you traveling from the East and South side of Raleigh may prefer to go straight there.

Follow up coming soon.

Getting To Know PCCC Members

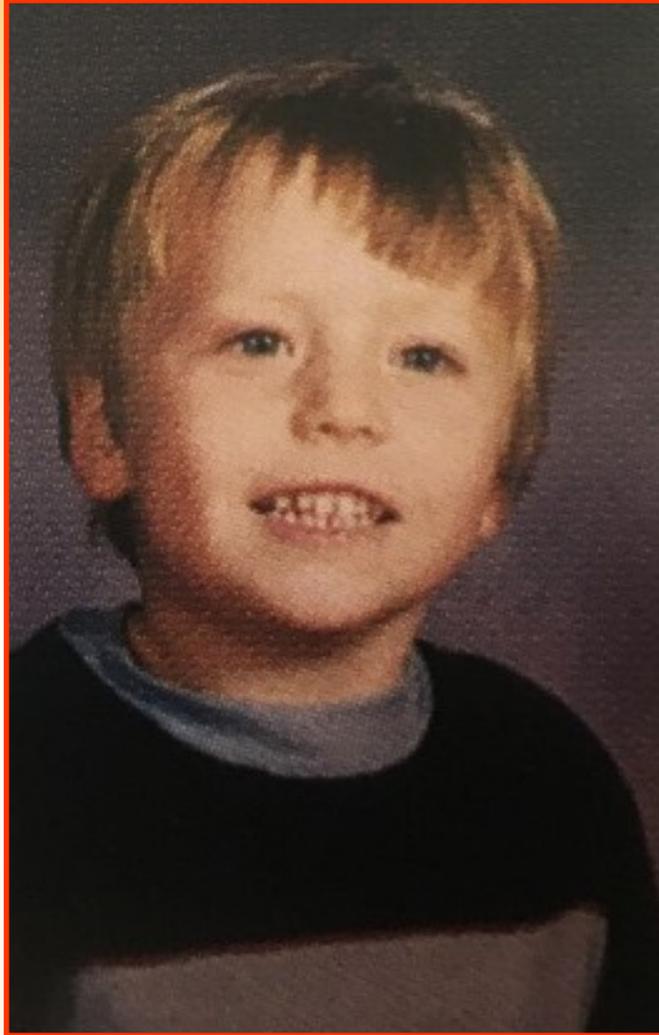

Last year, Chris Peedin suggested an idea for members in the club to submit photos of themselves from the past, "Guess Who Feature." If any of you are interested, send me a photo from your past. I will post it in the newsletter for PCCC members to guess who you might be.

After you send me a photo from your past, you would then need to send me a story about you, to describe where you grew up, what schools, or college you may have attended, what your career was (or still is about) and something interesting about your car hobby. So, if you may find this to be an interesting feature, send me a photo of yourself when you were younger and along with a current photo of yourself. Send your story after.

The newsletter that will follow will then reveal who you are and your story posted. Look for this feature during the course of the year.

To submit photos and your story, send me an email at jhopp55@att.net

GUESS WHO

See the July 2021 Edition for the Big Reveal

WHO ARE YOU GOING TO CALL ?

Ok, so you found a deal of an Auto Lift for your garage. Now you need to take it down and set it up at your house. But who are you going to call for help? I will tell you who you're going to call, You're going to send an email out to the PCCC Group and call for help from the PCCC "Lift Moving Crew."

In February, 2020, Pre-pandemic, I got a great deal on a 2 post lift. Out goes the email and Barry Kitchener , Dick Sossomon, and Wayne Bockmann answered the call. On a February Saturday morning we took down the 2 post lift, loaded it on my trailer and took it to my house. It will go up in the new garage as soon as it is completed.

Flash forward to April, 2021 (It would be nice if we could have flashed through ALL of 2020, but no such luck...) I found a great deal for a 4 post lift from an owner moving to Beech Mountain NC.

Out goes the email and I get crew made up of, John DeYoung (4 Post lift expert mover), Ray Bader (owner of the Golden socket), Jim Ashley, Paul Barber, Alan Dasen (PCCC Co-Founder) and I also drafted former PCCC member, Gary Anderson.

At 9AM on May 1st 2021, the crew arrived at the target location in Apex. John has this lift moving job down to a smooth, well oiled operation. By 10:30 am, the lift was loaded onto my trailer and I was on the way home, forty miles away, in Franklin County. The previous lift owner (and also a Corvette owner) was so impressed with the crew that turned out to help me that he said "Man, I should have joined YOUR club".

WHO ARE YOU GOING TO CALL ?

John, Jim, Paul, and Gary make the trip to the distant land of Franklin County. By noon time these four have become "Expert Lift Installers". After a break for a pizza lunch, and a fight with a bugged thread in-lock release rod, the lift was reassembled. By 3:30PM, John De Young had the lock release dialed in and working smoothly, and ready to load a car.

So, if you happen to find a good deal on a car lift, just remember to call the "PCCC Lift Moving Crew." Many Thanks to 2020 and 2021 crew, Barry Kitchener , Dick Sossomon, Wayne Bockmann, John De Young, Ray Bader, Jim Ashley, Paul Barber, Alan Dasen, and Gary Anderson. They had to do it all without any help from me, due to a bad knee. I really appreciate everyone's help!

Classic Car Trivia - 1961 Impala and The Bubble Tops

For the model years 1959 to 1962, the full size Chevrolet line-up included what has become to be known as the “Bubble Top” hardtop. This “Bubble Top” design had a thin rear roof pillar and an oversized rear window. Actually the name was used long before 62 at GM.

The early concept cars used the name. Eugene Kettering (chief engineer at GM) had a company build bubble tops for the 1954 Corvette to improve headroom. There were 25 1954 Corvette bubble tops produced.

The Impala was restyled on the GM B platform for the first time for 1961. The new body styling was more trim and boxy than the 1958–1960 models. Sport Coupe models featured a "bubbleback" roof line style.

The Impala body was now 1 ½ inches shorter. The Impala line stuck with its signature three taillight designs. 1961 was the only year for an Impala two-door sedan model. Very few were produced and it is a scarce collectible today.

IMPALA SERIES

MOST LUXURIOUS CHEVROLET You'd be hard pressed to find a reason for wanting any more car than this! The elegant Impala is unquestionably the finest car in its field. Its new Instrument Console, a Chevy exclusive, puts every control—even the glove box—within easy reach of the driver. And Impala standard equipment also includes such luxury features as electric clock, parking brake warning light, back-up lights, rich deep-twist carpeting, fingertip door releases and custom-length arm rests.

IMPALA SPORT COUPE in Redwood Brown. Frontview exterior of gray metallic with open top.

Open the door of any Impala, this one is a Sport Sedan, and you'll discover a world of beauty just as you do find in any of the highest priced cars. Impala cars are upholstered in rich, patterned fabric, trimmed with soft, washable, vinyl and finished with distinctive bright metal and panels. Interiors are available in six beautiful color combinations. The four wheel drive models, fingertip door releases and extruding armrests with built-in water repellent all add to the Impala's air of elegance. And in every Impala model, front or rear, you enjoy the comfort of four cushioned seats.

IMPALA SPORT SEDAN in Silver Green. Sideview exterior with top down.

IMPALA 4-DOOR SEDAN in Silver Green. Backview exterior with top down.

IMPALA CONVERTIBLE in Sunset Turquoise. Top down. Side view.

IMPALA 2-DOOR SEDAN in Golden Yellow. A member of the Impala Series. Features a new strip roof with rear door and thin pillar when top is down.
